Good morning Chris,

Please see attached table, now including number of samples for each of the formations.

Just let me know if you have any questions!

Best regards,

Hi Michelle,

I am preparing to route the draft permit and statement of basis for review prior to public notice, and there is one small piece of information I'd like to include in the SOB. could you provide the number of samples for each of the formations represented by the median concentration identified in the attached table?
